The Garvey G-Series Labelers represents the next step forward in Garvey's tradition of providing reliable and easy to use labeling tools. With it, we met our design goals of improving every aspect of our customers' labeling experience. Our engineers and designers created the Garvey G-Series Labelers to perfectly combine new, user-friendly features with improved durability and operation. At the same time, we maintained the best aspects of previous Garvey labelers, such as easy drop-in loading and jam-free operation. All of these elements come together in a way that Garvey users will appreciate every time they pick up this labeler and experience Garvey Innovation!

# GARVEY®

The key to comfort is this labeler's unique ergonomic handle. The hundreds of tiny grooves molded into the rubberized grip allow your hand to breathe, preventing moisture and slippage.

New, quick-change ink roller carriage prevents mess, and simplifies the change out process. Long lasting ink cartridge snaps in and out with ease.

Simple, drop-in loading has made this labeler the premier choice in labeling. Easy-to-follow illustrated instruction guides, in several languages, are included.

A stronger side cap design prevents cracking of the labeler body. Soft-friction ridges make opening this labeler quick and easy.

Loading Instructions built into the pocket in the nose of this labeler

This labeler is designed for maximum durability. With reinforced, durable ABS body and solid construction, this Garvey labeler is built to last.

The labeler's internal construction is comprised of solid steel components, including the brake mechanism and supporting cross beam.

This label window allows you to monitor the quantity of remaining labels. You will always know when you run low.

## SIMPLE

Easy to change ink roller, drop-in label loading, and user-friendly bonus features.

## DURABLE

Steel reinforced, high-strength ABS body.

## VERSATILE

Ideal for pricemarking, date labeling, product identification and more!
